

# PC-Crash 12.1 Dropbox Download Guide

## Downloading and extracting PC-Crash 12.1

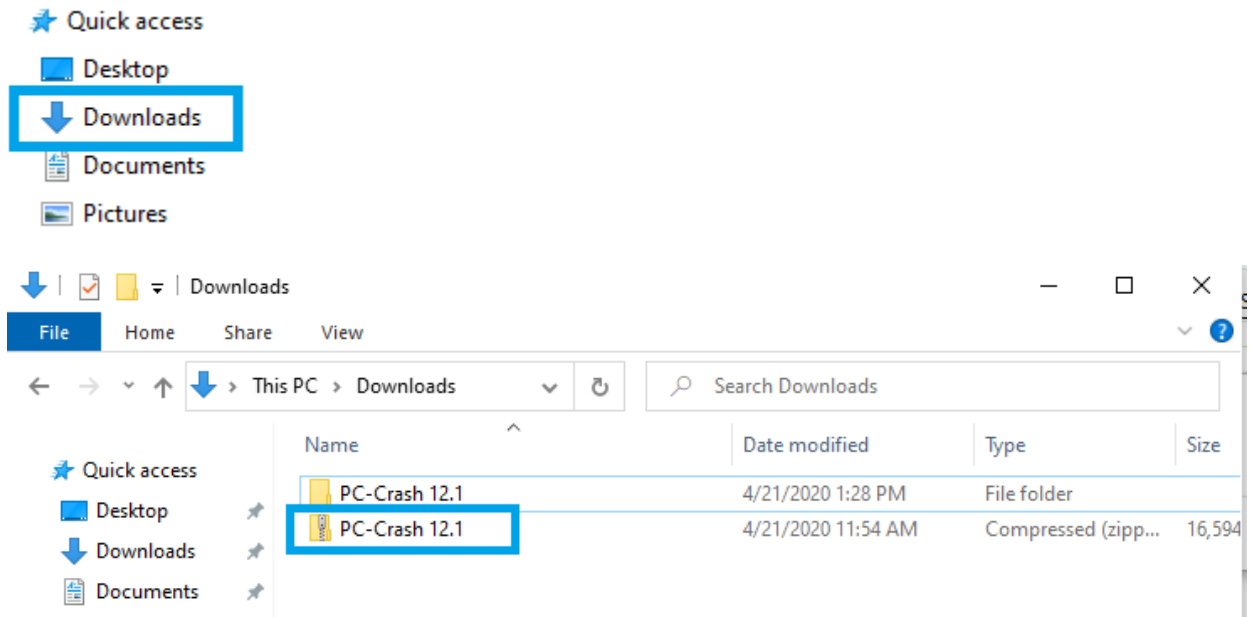

1. Download the zip folder from the Dropbox link provided to you and select Direct download. You can find the download tab in the top right corner of the website.

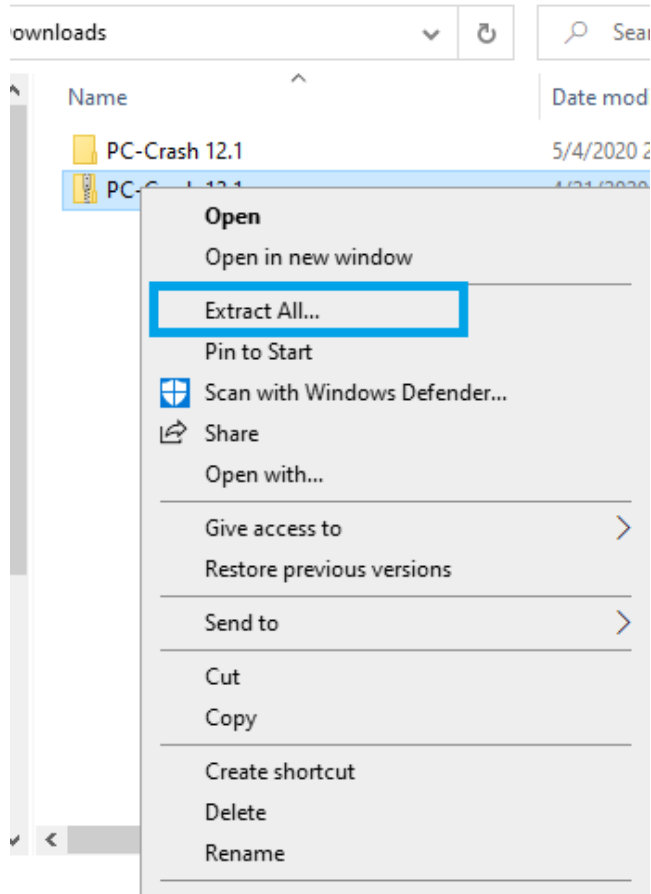

2. Locate the download using File Explorer. You can open File Explorer with different methods. You can left-click the folder icon located on the taskbar or you can type (File or File Explorer) in the windows search bar.

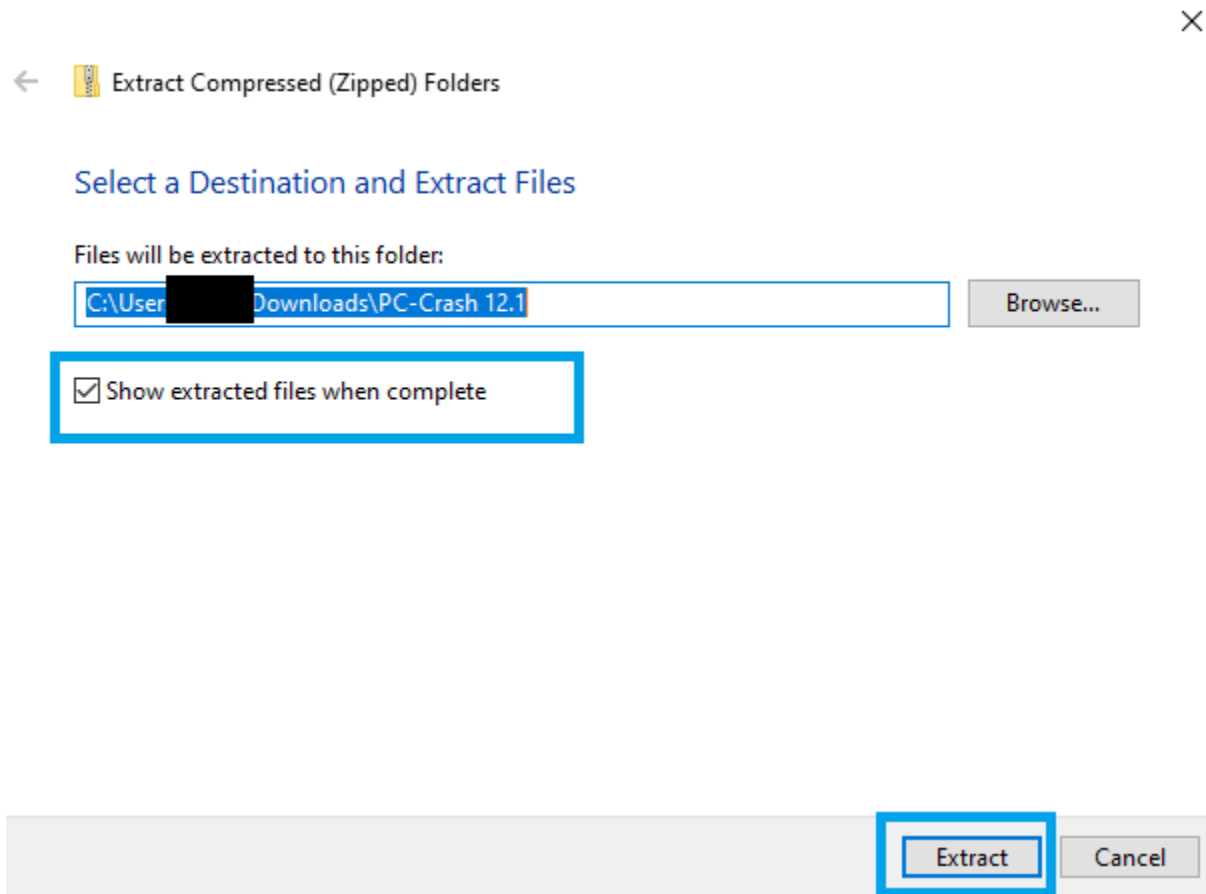

Your download should be located in the default folder titled **Downloads**.

3. Extract the zip file by right clicking it and selecting **Extract All**.

4. Keep the default settings and make sure "Show extracted files when complete" is selected. Click on Extract All.

5. After the extraction completes, you should see a folder titled (DISK1) in the File Explorer. Double left-click the folder.

## PC-Crash 12.1 Installation

For installation instructions, please refer to the provided pdf "PC-Crash 12.1 Installation Guide."
